Class II Ohio EPA Wastewater Works License Holder with experience operating high-volume municipal wastewater treatment plant seeks corporate or municipal position as wastewater treatment plant operator. Proven strengths, skills and accomplishments include:

- Obsessive attention to detail
- Thorough understanding of EPA wastewater regulations
- High mechanical aptitude
- High math and statistical acumen
- Extensive experience in chemical and laboratory work
- Supervisory experience
- Patient training of operator trainees
- Computer literate
- Excellent communicator under pressure
- Extensive emergency management response experience
- Accurate record keeping

*Willing to travel or relocate anywhere in the world*

---

#### **ACCOMPLISHMENTS:**

- Handled numerous emergency storm situations resulting in up to 10 times the normal flow of waste water- (from 11 million gallons to 110 million) with just one other operator, saving tens of thousands of dollars in potential EPA fines.
- Supervised and taught numerous new plant operator trainees
- Achieved record for getting own shift in fastest time (7 weeks - previous record was 6 months)
- Conducted regularly scheduled lab tests on effluent to ensure compliance with EPA regulations
- Passed two EPA wastewater works licensing exams on first try
- Maintained plant pumps, valves and other sensitive equipment
- Adjusted levels of chlorine and other chemicals in waste water as needed
- Diagnosed and repaired malfunctioning equipment on a regular basis
- Fielded residents questions and complaints with sensitivity when plant odors wafted through nearby neighborhoods

- Accomplished 4 1/2 years of dangerous work without an accident
- Identified numerous safety problems that had gone unnoticed, helping avert accidents

**QUALIFICATIONS:**

- Earned Class II Ohio EPA Wastewater Works License
- Awarded Silver Level for National Career Readiness Test (June, 2008)
- Earned Towmotor Safety Award (2002)
- Adaptable to live in any situation (spent junior year in college at University of Sydney, Australia)
- Coordinated complex schedules for commercial deliveries

**SKILLS:**

- High level of mathematical and statistical acumen
- High degree of comfort with lab analysis, chemistry and biology
- Effective communicator, especially during emergency “overflow” situations
- Pinpoint attention to detail
- Comfortable with a wide variety of computer programs
- High level of mechanical aptitude

**EXPERIENCE:**

- Self-employed currency trader - 2006 to present
- Wastewater Treatment Plant Operator, City of Rocky River, Ohio 2002 - 2006
- Taxi Cab Driver, The Yellow Cab Company, Cleveland, Ohio 1995 - 2001
- Outdoor Salesman, Pepsi West, Denver, Colorado 1992-1995
- Realtor, Bray and Company, Grand Junction, Colorado 1987-1992

**EDUCATION:**

Bachelor's of Arts Degree in Environmental Studies, Rollins College, Winter Park, Florida
